

## Vendors

### (Process for applying to vendor your services at Cherry Island Events)

1. Please contact the Director of the event. They will send to you a packet of information & Application/Agreement form.
2. Once a director has given you approval to vendor at their event, they will send your packet to District VI for approval.
3. Once District VI is able to verify that the requested vendor(s) meet all of our requirements, we will provide a list of the approved vendors to our Complex site manager, informing him that **ONLY** the pre-approved vendors will be permitted to sell or distribute their products during the event. Your approved Application/Agreement will be sent back to the tournament/event director.
3. It is the director's responsibility to make certain they have discussed exactly what each vendor is allowed to vendor & where they are to set up. If there is a problem with two vendors selling the same item it is the director's responsibility to resolve the problem. Request a Cherry Island map indicating your set up area from the director.
4. If we have had a particular problem with a vendor we reserve the right to deny their application & will notify the director & vendor of the denial.
5. Each Vendor has a fee of \$100.00 per day. This is above & beyond the percentage of profits the director of the tournament may be requesting. In the past Cherry Island has invoiced the vendors. Starting Jan. 1, 2007 the bill for the vendors will be part of the tournament directors invoice for the event. The director will bill the vendor directly for the Cherry Island fees & whatever percentage they have discussed with you. The vendor fee that Cherry Island charges helps off set the expense Cherry Island has for end of the tournament garbage removal.

## CHERRY ISLAND SOCCER COMPLEX VENDOR

As part of your vendor application packet, you will need to complete and return the Cherry Island Complex Application/Agreement and the Vendor Application Agreement forms (if applicable). After speaking with Sacramento County Risk Manager it has become apparent to us that we must be more proactive in ensuring that we effectively manage the Complex and the risks that inherently go along with the management of a facility the size of Cherry Island, including all activities that take place on the Complex during any scheduled soccer games & events.

We want to make sure that you, as vendors of the Complex, understand your responsibilities. In an effort to make it very clear to all concerned, the host of the event must disclose any and all vendors who will be participating in your event (that includes groups/teams from within your own league if they are selling or distributing any items on the premises). Each vendor will have to provide proof of Insurance as well as naming C.Y.S.A., Sacramento County and Cherry Island Soccer Complex as an additional insured. (CYSA affiliated leagues & teams are already covered by our Insurance). Once we are able to verify that the requested vendor(s) meet all of our requirements, we will provide a list of the approved vendors to our Complex site manager, informing him that **ONLY** the pre-approved vendors will be permitted to sell or distribute their products during the event. As has always been the case, vendors, including your teams doing fund raisers, will need to obtain any of the necessary licenses, permits, and authorizations. What that specifically means is anyone selling merchandise, food or beverages may be required to obtain a Seller's Permit from the State Board of Equalization.

Vendors who have existing businesses will already have a seller's permit but because a separate permit is required for each location at which the business operates, the BOE issues temporary permits for anyone making sales of a temporary nature (which is probably the category teams doing fundraisers could fall under) and/or making sales temporarily at an alternate location (for example, if you have a vendor who does business from a store or from their home, but then also plans to sell merchandise at your event). Businesses also need to check with BOE as to whether they are required to file the Local Tax Allocation for Temporary Sales Locations form.

Additionally, we must remind you that anyone selling food or beverages on the premises is responsible for checking with the Sacramento County Department of health as to the all of the requirements regarding a permit for food sales.

It continues to be the responsibility of each vendor to obtain any and all required licenses and permits, but as the lessee, we also recognize that it is in our best interest to notify you of these requirements for "doing business" on the premises of the complex. For the protection of the Association, we are going to be ensuring that the rules are followed. It is the responsibility of the organization renting the complex to ensure that all participants in their event comply fully with the rules and requirements as set forth.

In addition to the Cherry Island Complex applications for the renters and for vendors, I have also included copies of paperwork that you may find useful in dealing with vendors, teams or any other group who wish to sell or distribute items at your event.

Thank you in advance for your cooperation

At your service,  
Mark Lloret
