

JAMBOREE PLAY

Pre-approval is necessary to play in or host a Jamboree. The League President can approve any home team attending a Jamboree within District VI. The League President and the District Commissioner must approve hosting of any jamboree. The LP and DC also must approve all play outside the district by any division. This form is to be used for both approvals. Complete and email this form to your league president for approvals.

Without pre-approval the insurance coverage, both medical and liability, will not be in effect for the team.

- *Notes: (A) Jamborees are limited to 24 teams maximum and 3 age groups. The number of teams by age group may be determined by the Jamboree coordinator.
- (B) Jamborees may have multiple divisions but offer play only by division, can not mix divisions
- (C) All coaches in all divisions of play must have a coach's pass
